They feel more confident in their courses, perform better in upper-level courses, gain more satisfaction in learning, and the statistics vocabulary workbook is different from traditional review books because it focuses on the exam's insider's language. It is an outstanding supplement to a traditional review program. It helps your preparation for the exam become easier and more efficient. The strategies, puzzles, and questions give you enough exposure to the insider language to use it with confidence and make it part of your long-term memory. The statistics vocabulary workbook is an awesome tool to use before a course of study as it will help you develop a strong working insider's language before you even begin your review. Learn the secret to success after nearly 20 years of teaching. Lewis Morris discovered a startling fact: most students didn't struggle with the subject; they struggled with the language. It was never about brains or ability. His students simply didn't have the knowledge of the specific language needed to succeed. Through experimentation and research, he discovered that for any subject, there was a list of essential words that, when mastered, unlocked a student's ability to progress in the subject. Lewis called this set of vocabulary the insider's words. When he applied these insider's words, the results were incredible. His students began to learn with ease. He was on his way to developing the landmark series of workbooks and applications to teach this insider's language to students around the world. If your skill with words isn't up to scratch, you may find yourself sidelined or ignored at work and elsewhere. You create an impression with what you write, and a weak or incorrect vocabulary is a serious liability. Awesome vocabulary offers a painless way to build an exceptional vocabulary. Readers will discover comprehensive, useful lists of words and exercises focused on improving word choices. They'll also learn tricks to reveal the meaning of new words, memory devices to help distinguish between similar words, the difference between using words to impress and using words that make their meanings clear, examples of writing correct and incorrect, attractive and unlovely, persuasive and off-putting that clearly show the right stuff and how to amend the wrong stuff, the secret to balanced prose, the rule of three, avoiding repetition and redundancy, the proper vocabulary for the proper occasion, business letters, e-mails, and casual conversation.
