The Revenge of Power 2022-02-22 named one of the new yorker s best books of 2022 an authoritative and intelligent portrait of the global spread of authoritarianism and its dangers what sets this work apart from books like timothy snyder s on tyranny and michiko kakutani s the death of truth is its unusually comprehensive armada of facts about the international drift over the past two decades toward authoritarian leaders whether old style dictators like kim jong un or nominally elected presidents like vladimir putin kirkus an urgent thrilling and original look at the future of democracy that illuminates one of the most important battles of our time the future of freedom and how to contain and defeat the autocrats mushrooming around the world in his bestselling book the end of power moisés naím examined power diluting forces in the revenge of power naím turns to the trends conditions technologies and behaviors that are contributing to the concentration of power and to the clash between those forces that weaken power and those that strengthen it he concentrates on the three p s populism polarization and post truths all of which are as old as time but are combined by today s autocrats to undermine democratic life in new and frightening ways power has not changed but the way people go about gaining it and using it has been transformed the revenge of power is packed with alluring characters riveting stories about power grabs and

losses and vivid examples of the tricks and tactics used by autocrats to counter the forces that are weakening their power it connects the dots between global events and political tactics that when taken together show a profound and often stealthy transformation in power and politics worldwide using the best available data and insights taken from recent research in the social sciences naím reveals how on close examination the same set of strategies to consolidate power pop up again and again in places with vastly different political economic and social circumstances and offers insights about what can be done to ensure that freedom and democracy prevail the outcomes of these battles for power will determine if our future will be more autocratic or more democratic naím addresses the questions at the heart of the matter why is power concentrating in some places while in others it is fragmenting and degrading and the big question what is the future of freedom

Summary of Moises Naim's The End of Power 2021-05-09 buy now to get the key takeaways from moises naim s the end of power sample key takeaways 1 power is simply defined as the ability to make others do or stop doing something power as we know it today is undergoing a huge transformation one which has potential to change history and the world 2 power is changing because it is no longer solely in the hands of the big players in the world as in large institutions or organizations it s slowly seeping out into the hands of other smaller players

The End of Power 2015-02-13 in the twenty first century power is easier to get harder to use and easier to lose states moisés naím in his book the end of power in this review we outline his key ideas which explain why power scattered

among many actors agents of new micropowers poses one of the greatest current challenges

End of Power 2015 in the twenty first century power is easier to get harder to use and easier to lose states moisés naím in his book the end of power in this review we outline his key ideas which explain why power scattered among many actors agents of new micropowers poses one of the greatest current challenges inhaltsverzeichnis the decay of power making sense of power how power got big how power lost its edge why are landslides majorities and mandates endangered species the decay of power in national politics pentagons versus pirates the decaying power of large armies whose world it be veto

Summary of Moisés Naím's The Revenge of Power

2022-03-24T22:59:00Z please note this is a companion version not the original book sample book insights 1

autocrats are political leaders who reach power through a fairly democratic election and then set out to dismantle the checks on executive power through populism polarization and post truth 2 the second strategy used to gain and keep power is polarization relentlessly demonizing opponents and portraying wedge issues that divide the nation are the divisive tactics that often yield great results 3 polarization eliminates the possibility of a middle ground pushing every single person and organization to take sides in our age it is facilitated by the dynamics of fandom and identity 4 the 3p framework is a system for taking wielding and maintaining unlimited power in a world that doesn't recognize that kind of power as legitimate it solves that problem by faking fealty to the liberal consensus all the while eating away at it from the inside

The End of Power 2013 we know that power is shifting from west to east and north to south from presidential palaces to public squares from once formidable corporate behemoths to nimble startups and slowly but surely from men to women but power is not merely shifting and dispersing it is also decaying those in power today are more constrained in what they can do with it and more at risk of losing it than ever before in the end of power award winning columnist and former foreign policy editor moisés naím illuminates the struggle between once dominant megaplayers and the new micropowers challenging them in

Parameters 2014 political communication has fundamentally transformed as digital technologies have become increasingly important in everyday life technology platforms have become powerful political instruments for world leaders campaigns social movements journalists and non governmental organizations moreover they are essential to how people communicate about politics encounter and share political information and take action to pursue their political goals this is the first textbook to center digital platforms in understanding political communication with global examples beyond the context of western democracies the text reveals how digital technologies such as social media and search engines are increasingly shaping political communication in countries around the world it shows how the core processes of political communication are being reshaped by platforms from how elections are contested to how issues make it onto policymaking agendas topics covered include public opinion journalism strategic communication political parties social movements governance disinformation propaganda populism race

ethnicity and democratic backsliding full of lively examples and pedagogical features platforms power and politics offers an exciting and innovative new approach to political communication it is essential reading for students of political communication and an important resource for scholars journalists and policymakers

Platforms, Power, and Politics 2023-10-10 an absorbing look at the daily lives of rural jews in eighteenth and nineteenth century germany includes over 75 black and white illustrations a guide for researchers maps and a bibliography

Portraits of Our Past 2017-04 this is the first book in the spiritual revolution series in the world s future there is a single governing body all individuals are given a mark on their right hand at birth so they can be monitored people are strongly encouraged to follow a religion designed by the government the worship of any other religion without permission is illegal people do not know they have a soul most are unaware of the intense spiritual warfare occurring around them the program to collect human souls is a well guarded secret christians and jews from a place called the colony fight against this terrifying evil they have been called upon to save humanity or be responsible for its destruction

Spiritual Revolution 2022-06-10 survival the iiss s bimonthly journal challenges conventional wisdom and brings fresh often controversial perspectives on strategic issues of the moment in this issue hannah aries bastian giegerich and tim lawrenson assess that europe s defence industry will struggle to meet increased production needs in 2007 the late ronald steel judged that while the iraq war had weakened the united states it would not profoundly affect us foreign policy from the archive dana h allin reflects on ronald

steel's legacy and prospects for the extended american century liana fix argues that the west should formulate security guarantees for ukraine in parallel with its counter offensive daniel sobelman assesses that the yemen based houthi rebel movement is emulating hizbullah and seven more thought provoking pieces as well as our regular book reviews and noteworthy column editor dr dana allin managing editor jonathan stevenson associate editor carolyn west editorial assistant charlie zawadzki

Survival: June - July 2023 2023-06-09 migrants have become an important social and political constituency throughout the world in addition to sending remittances to their home countries many migrants maintain political ties with their nations of origin through the expansion of dual citizenship and voting rights some even return home to participate in local and national level politics but to what extent do migrants influence their home communities and governments mexican migrants fought for and won the right to dual nationality in 1997 and the right to vote from abroad in presidential elections in 2005 as the country with the world's second largest emigrant population many expected that the enfranchisement of the mexican diaspora would powerfully shape the direction of mexican politics scholars policy makers and migrant politicians have argued that migrants who exercise these rights will through contact with the u s political system and culture develop more democratic attitudes and behaviors and in turn help to democratize their home states however only a tiny share of the mexican diaspora community exercised their voting rights in the 2006 and 2012 elections and as this book shows though migrants do engage socially and politically in their communities of

origin and at times powerfully impact political dynamics there the outcomes don't uniformly enhance local democracy for example while this research finds that migrants from non elite backgrounds were able to parlay their migrant experience into a path to power in their home states non migrant politicians have been more successful at maintaining stability after election due to their ties to the dominant governing parties even when migrant political actors intend to open up the political systems of their home towns bring about needed reforms or improve governance the impact of their engagement at the aggregate level of municipal politics depends on a range of intervening factors most importantly the nature of their interactions with non migrant political actors in their home states and municipalities here michael s danielson develops a theory of and methodological model for studying migrant impact on the communities and countries they leave behind examining a largely underexplored area of research in the migration literature

Emigrants Get Political 2017-12-01

in a period of budget austerity prioritization becomes especially important for defense policymakers in order to determine such priorities it is first necessary to consider the nature of conflict and missions the u s military may face in the future by assessing the key components or drivers of the future security environment fse an unknowable future becomes a bit clearer this report provides such an assessment drawing on qualitative data such as national security and foreign policy literature defense department strategy and operational documents and interviews with leading academics and practitioners this

study identifies the drivers of the fse in order to guide analysis and decision making

Defense 2045 2015-11-11 around the turn of 21st century spain welcomed more than six million foreigners many of them from various parts of the african continent how african immigrants represent themselves and are represented in contemporary spanish texts is the subject of this interdisciplinary collection analyzing blogs films translations and literary works by contemporary authors including donato ndongo equatorial guinea abderrahman el fathi morocco chus Gutiérrez spain juan bonilla spain and bahia mahmud awah western sahara the contributors interrogate how spanish cultural texts represent idealize or sympathize with the plight of immigrants as well as the ways in which immigrants themselves represent spain and spanish culture at the same time these works shed light on issues related to spain s racial ethnic and sexual boundaries the appeal of images of africa in the contemporary marketplace and the role of spain s economic crisis in shaping attitudes towards immigration taken together the essays are a convincing reminder that cultural texts provide a mirror into the perceptions of a society during times of change

African Immigrants in Contemporary Spanish Texts

2016-03-09 this book focuses on china s experience in development over the past 70 years and its significance as well as building a community with a shared future for mankind the book consists of a collection of papers contributed by researchers from many countries covering the topics of world order a community with a shared future for mankind the belt and road initiative exchange and mutual learning between civilizations china model china and the

world multi bilateral relationship sustainable development
China's Development and the Construction of the Community with a Shared Future for Mankind 2023-05-05 how change happens bridges the gap between academia and practice bringing together the best research from a range of academic disciplines and the evolving practical understanding of activists to explore the topic of social and political change

How Change Happens (2nd Edition) 2024-06-13 based around a compilation of his popular schumpeter columns adrian wooldridge takes a look at the forces that are disrupting today s fast moving business world the disruption has many causes the internet s rapid spread the challenge from emerging markets in innovation and manufacturing clever management techniques that are forcing companies to rethink strategy robots advancing from the factory floor into the service sector and much more these developments are shaking business and social life to its foundations producing a new set of winners and losers and forcing everyone to adapt and change the great disruption explains the forces that are disrupting today s business world and the management gurus that predicted them who are the winners and the losers and how institutions have tried and often failed to change how classic management problems such as talent management distribution and outsourcing persist but with a new twist what the future holds for companies universities competition and society it also reminds us why joseph schumpeter s ideas about creative destruction are particularly valuable today

The Great Disruption 2015-04-02 contemporary western societies are witnessing ground breaking social economic

and political changes at an accelerating pace these changes are challenging the way democracy works and the role that political elites play in this system of government using a theoretical and empirical approach this volume argues that political elites are urged to develop new strategies in order to achieve interest aggregation to safeguard collective action and to maintain elite autonomy and stability the adaptive capacities of political elites are assessed through case studies comparative and longitudinal analyses of their social structure their recruitment patterns and their attitudes the book includes contributions from reputable scholars in the field of elite research and specialists on individual political systems across europe and the us it provides an analytical framework demonstrating that political elites are inevitable and potentially able to respond successfully to varying challenges the book will be of key interest to scholars and students of political elites democracy comparative politics political participation and european politics

The Contested Status of Political Elites 2018-07-17
intellectual history has never been more relevant and more important to public life in the united states in complicated and confounding times people look for the principles that drive action and the foundations that support national ideals american labyrinth demonstrates the power of intellectual history to illuminate our public life and examine our ideological assumptions this volume of essays brings together 19 influential intellectual historians to contribute original thoughts on topics of widespread interest raymond haberski jr and andrew hartman asked a group of nimble sharp scholars to respond to a simple question how might the resources of intellectual history help shed light on

contemporary issues with historical resonance the answers all rigorous original and challenging are as eclectic in approach and temperament as the authors are different in their interests and methods taken together the essays of american labyrinth illustrate how intellectual historians operating in many different registers at once and ranging from the theoretical to the political can provide telling insights for understanding a public sphere fraught with conflict in order to understand why people are ready to fight over cultural symbols and political positions we must have insight into how ideas organize enliven and define our lives ultimately as haberski and hartman show in this volume the best route through our contemporary american labyrinth is the path that traces our practical and lived ideas

American Labyrinth 2018-12-15 what in the world is going on these days the world has everyone spinning weekly terrorist attacks the refugee crisis transgender bathrooms academic safe spaces tensions with russia a perpetually uncertain economy the list goes on it s enough to make us crazy or want to put our heads in the sand but we can t because these are our times and we must face them so what many christians are looking for is someone to communicate a way forward someone who both understands culture and trusts the bible mark sayers is such a leader one who writes from the future he is a gifted cultural analysist who combines his biblical knowledge curious mind and pastoral heart to offer a guide to the times strange days will help christians slow down get their bearings and follow god with wisdom and tact in this wild world take heart for i have overcome the world jesus said nearly 2 000 years ago and that s the message of strange days the message the church needs

today

Strange Days 2017-05-02 this handbook explores the main themes and topics of the emerging field of global administrative law with contributions by leading scholars and experts from universities and organizations around the world the variety of the subjects addressed and the internationality of the handbook's perspectives make for a truly global and multi dimensional view of the field the book first examines the growth of global administrations their interactions within global networks the emergence of a global administrative process and the development of the rule of law and democratic principles at a global level it goes on to illustrate the relationship between global law and other legal orders with particular attention to regional systems and national orders the final section devoted to the emergence of a global legal culture brings the book full circle by identifying the growth of a global epistemic community the research handbook on global administrative law provides a contemporary overview of the nascent field in detailed yet accessible terms making it a valuable book for university courses academics and scholars with an interest in international law administrative law public law and comparative law will find value in this book as well as legal professionals involved with international and supranational organizations and national civil servants dealing with supranational organizations

Research Handbook on Global Administrative Law

2016-02-27 over the past quarter century four consecutive american presidents two democrat two republican have spent more time diplomatic capital and military resources on iraq than any other country in the world much as the

vietnam syndrome cast a long shadow over american security policy in the decades after the end of the vietnam war iraq provides the commanding narrative for this generation of american leaders in this book former deputy secretary of state p j crowley one of america s most insightful national security commentators unpacks the legacy of american triumphs and failures in iraq he argues that presidents have fallen victim to the iraq syndrome the disconnect between politics policy strategy and narrative that has hampered america s foreign policy in the middle east and hotspots throughout the world in order to maintain america s global leadership role crowley argues that the next president must realign american s national security politics policies strategies and narrative for the long term

Red Line 2016-12-15 this book focuses on leadership what it is how it works and how complex multi layered and multi dimensional it is and how it will change in the years ahead if we are to build tomorrow s leaders today we need to anticipate what skills temperaments and specific competencies will be valuable as we face future needs if the past is a predictor of the future the world of tomorrow will be characterized by rapid change new technology greater diversity increased globalization and the need for lifelong learning as a political scientist and presidential scholar michael genovese incorporates a wide range of disciplinary perspectives and research on leadership in this book to give students practitioners and leadership scholars a welcome and engaging look to the future

Building Tomorrow's Leaders Today 2013-12-04 how and why influence is gained and maintained has undergone a fundamental transformation many contemporary thinkers

have sensed a change in the air a movement away from some of the deep seated leadership patterns established over the last several decades among these patterns miller illustrates the concept of influence the underlying foundational values of its traditional definition how that definition has affected society and how a new definition with new values can produce positive change for individuals communities businesses and cultures the author shows that influence based on position possessions and pedigree produces nothing more than the status quo a static semblance of success while influence based on community character and choice lifts leadership to the level of productive organic and lasting change

Resilient Cities, Safe Societies 2018-02-28 identifies and provides prices for thousands of baseball cards and collectibles

Lift 2016-01-19 australians once trusted the democratic process while we got on with our lives we assumed our politicians had our best interests at heart not anymore that trust has collapsed mark latham joined the labor party in the late 1970s hoping to improve people s lives through parliamentary service twenty five years later the opposition leader ended up as disillusioned as the rest of us the scorching honesty of the latham diaries ensured he d burned his political bridges but ostracism from the canberra club has its advantages in the political bubble mark latham is free to explore how parliamentary democracy has lost touch with the people it s supposed to represent as with most institutions at risk politics has become more tribal with left and right wing fanatics dominating formerly robust mainstream parties after the disappointment of the rudd

gillard years tony abbott promised to restore trust in
australian politics but as with most of his promises it was
dispensable the political bubble looks at the new government
s policies how abbott is adding to distrust not solving the
problem what can be done about this democratic deficit can
our parliamentary system realign itself with community
expectations or has politics become one long race to the
bottom a brilliant analysis of australia in the era of tony
abbott and fanatical right wing politics robert manne

The Political Bubble 2014-08-01 this collection of
calaveras folk poetry in the mexican tradition of day of the
dead celebrations satirizes public figures reminding them
that their time on earth is limited despite their fame in

addition to the replicas of the calaveras originally published in newspapers and magazines this volume includes background information about this particular poetic genre biographical information and interviews with don moisés and analysis of the poetry no one escaped espino s eye including richard nixon fidel castro and muhammad ali compiled and edited by university of texas at san antonio professor ellen clark this ebook contains espino s complete collection

Perspectives on the Security of Singapore 2015-07-22 the answer to global overload contending with the 24 7 news cycle and an endless barrage of choices and information has stymied leadership and decision making strategies among those at the top but we all know this is not a just a problem for the elite the broad based reaction to this chaotic unmanageable assault has been to retrench and to focus on immediate controllable decisions in the process we lose sight of the horizon more dangerous still is the shift we ve seen from value creation to wealth creation where information technology 1 0 has enabled a transaction based society in which the deal is more important than the value it drives or the relationships it is based on on our current path the odds of a better future are slim what we need is a new value proposition beating the global odds is the answer to the dangers of too much of a good thing there s no going back but there is the opportunity to set things right in this book paul a laudicina managing partner and chairman of the board of global consulting firm a t kearney provides a fast paced and engaging tour of how we got to this point and what we can do about it drawing on examples from everything from world history and current media to anecdotes from his vast network of ceos and the world s most innovative thinkers

laudicina helps bring our world of seemingly fuzzy and disconnected pixels into sharp focus the result is a compelling case for change and call to action not only for global leaders but also for everyone who struggles with the question of how we can inspire and seize a better future how we can beat the global odds

A Memoir of the Late Reverend Hugh Moises, Etc 1823

this present book examines some of the key features of the interplay between legal history authoritarian rule and political transitions in brazil and other countries from the end of 20th century until today this book casts light on these aspects of the role of law and legal actors institutions in the context of transition from authoritarian rule to democratic state brazil has produced a significant literature on the challenges and shortcomings of the transition but little attention has been given to the role of law and legal actors institutions different approaches focus on the legal mechanisms discourses and practices used by the military regime and by the players involved in the political transition process in brazil a comparative perspective that takes into account different political transitions and their legal consequences in europe and latin america complements the analysis part 1 4 essays discusses some of the central issues

of political transition and legal history in contemporary brazil focusing on the time of the transition and its effects on transitional justice with different perspectives from racial and gender issues to constitutional reform and police repression part 2 3 essays brings the comparative studies on south american experiences part 3 4 essays analyses different cases of transition to democracy in chile portugal spain and italy part 4 3 essays proposes a historiographical and methodological approach considering the politics of time involved in the interplay between political transitions and legal history

Beating the Global Odds 2012-09-04 retail is going through difficult times and is suffering the consequences of both the economic crisis and the digitization of society fundamentally there is a bigger problem stores cannot keep up with the changing behavior of customers who are connected 24 7 customers for whom there is no distinction between online and offline the end of online shopping the future of new retail in an always connected world describes how the smart the sharing the circular and the platform economy are shaping a new era of always connected retail retailers urgently need to innovate if they want to stay relevant in a world dominated by marketplaces and sharing platforms the book contains inspiring examples from different industries which include the usual suspects such as amazon alibaba and google but also local startups and covers all aspects of the customer journey from orientation and selection to delivery the end of online shopping provides an excellent overview of shopping trends and developments worldwide and offers readers indispensable insights into the future of retail

A Study Guide for Moises Kaufman's "The Laramie Project"

2016 from conflict resolution to peacebuilding is designed to introduce students to the key concepts of conflict resolution from a real world perspective covering both micro and macro sites of conflict it offers ways to resolve conflicts at all levels from the interpersonal to the international starting with the notion that conflict is a fact of life but peacebuilding is not this text analyzes protracted conflicts and wicked problems and also tackles the harder task of how to resolve conflict and build peace hauss approach to peace and conflict studies is deeply personal and richly informed based on a strong research base and decades of experience in the field the book offers new paradigms for considering the intractable conflicts in our world each chapter provides real world examples stories and cases that illustrating practical work at both the grass roots and elite levels in a world where conflict seems to be on the rise at home and abroad this text provides students with the tools to deal with conflict constructively in their daily lives as citizens and as future professionals in the growing field of conflict resolution features full suite of textboxes for study and application key terms and references for further reading conflict labs to help students apply concepts to real world situations out on a limb boxes ask readers to consider bold new ideas and paradigm shifts for analyzing conflict and building peace a dynamic range of open access instructor and student resources can be found at the author s website chiphauss info including videos of interviews curated web links updates on breaking news author s weekly blog reviews of new books documentaries and other publications a discussion forum in which students and faculty members can

interact with each other and with the author on issues of their choosing regular video office hours with the author

Law and Justice in South America and Europe 2021-10-01 the price guide editors of sports collectors digest present the most thorough and accurate baseball card price guide covering all regular issues from 1981 to 2002 coverage includes more than 200 000 baseball cards and inserts from each set listed as well as assorted memorabilia including autographs game used jerseys bat inserts and much more includes wax box and pack pricing for each product too prices are given in us dollars the respected price guide editors of sports collectors digest utilize actual card transactions from scd s dealer network and online auction results to accurately price each card sports collectors digest editors track a large network of sports collectibles dealers and auction sales they report their findings recent trends and hobby news in 52 weekly issues annually scd is the very best source for cards memorabilia and autographs in the world each issue includes a weekly show calendar thousands of ads from the best dealers in the country recent auction reports checklists on new and old card sets plus interviews with the sports stars of yesterday

The End of Online Shopping 1999-01-05 when reynold levy became the new president of lincoln center in 2002 new york magazine described the situation he walked in to as a community in deep distress riven by conflict ideas for the redevelopment of lincoln center s artistic facilities and public spaces required spending more than 1 2 billion but there was no clear pathway for how to raise that kind of unprecedented sum the individual resident organizations that were the key constituents of lincoln center the metropolitan opera the new

york city opera the new york philharmonic the juilliard school and eight others could not agree on a common capital plan or fundraising course of action instead intramural rivalries and disputes filled the vacuum besides some of those organizations had daunting problems of their own levy tells the inside story of the demise of the new york city opera the metropolitan opera s need to use as collateral its iconic chagall tapestries in the face of mounting operating losses and the new york philharmonic s dalliance with carnegie hall yet despite these and other challenges levy and the extraordinary civic leaders at his side were able to shape a consensus for the physical modernization of the sixteen acre campus and raise the money necessary to maintain lincoln center as the country s most vibrant performing arts destination by the time he left lincoln center had prepared itself fully for the next generation of artists and audiences they told me not to take that job is more than a memoir of life at the heart of one of the world s most prominent cultural institutions it is also a case study of leadership and management in action how levy and his colleagues triumphantly steered lincoln center through perhaps the most tumultuous decade of its history to a startling transformation is fully captured in his riveting account *From Conflict Resolution to Peacebuilding* 2019-11-05 as one of the salient forces in the ritual life of those who worship the pre christian and muslim deities called orishas the yorùbá god of drumming known as Àyàn in africa and añá in cuba is variously described as the orisha of drumming the spirit of the wood or the more obscure yorùbá praise name asòrògi wood that talks with the growing global importance of orisha religion and music the consequence of this deity s power for

devotees continually reveals itself in new constellations of meaning as a sacred drum of nigeria and cuba finds new diasporas despite the growing volume of literature about the orishas surprisingly little has been published about the ubiquitous yorùbá music spirit yet wherever one hears drumming for the orishas Àyàn or añá is nearby this groundbreaking collection addresses the gap in the research with contributions from a cross section of prestigious musicians scholars and priests from nigeria the americas and europe who have dedicated themselves to studying yorùbá sacred drums and the god sealed within as well as offering multidisciplinary scholarly insights from transatlantic researchers the volume includes compelling first hand accounts from drummer priests who were themselves history makers in nigerian and cuban diasporas in the united states venezuela and brazil this collaboration between diverse scholars and practitioners constitutes an innovative approach where differing registers of knowledge converge to portray the many faces and voices of a single god
