

Read free From protagoras to aristotle essays in ancient moral philosophy (2023)

this text contains seventeen papers written by the author over the course of the last twelve years on the topic of philosophy the essays in this volume treat a wide variety of fundamental topics and problems in ancient greek philosophy the scope of the section on pre socratic thought ranges over the views which these thinkers have on such areas of concern as religion natural philosophy and science cosmic periods the nature of elements theory of names the concept of plurality and the philosophy of mind the essays dealing with the platonic dialogues examine with unusual care a great number of central themes and discuss them in considerable depth problems in language and logic myth reason hypothesis eros friendship reason morality society art the nature of soul and immortality in addition they offer fresh discussions on a number of basic morphological methodological and philological issues related to philosophical arguments and introduce new aspects for a critical reexamination of controversies surrounding the doctrines and the authenticity of certain platonic works the essays on the philosophy of aristotle are closely reasoned analyses of such basic themes as the universality of the sensible the nature of kinesis the problem of future contingencies the meaning of qualitative change the doctrine of phantasia the essence of intelligence and the metaphysical foundations for the ethical life the essays on post aristotelian developments in ancient philosophy offer challenging and well documented discussions on topics in the history of ancient logic categorical thought the ethical doctrines of ancient scepticism epistemological issues in the physical theory of the epicureans and basic concepts in the metaphysics of the neo platonists linked by the events of bernard knox s remarkable life the twenty five chapters of essays ancient and modern cover subjects ranging from hesiod homer and thucydides to auden forster and the spanish civil war with a masterful eye for the telling detail knox continually reminds us that we share the present with antiquity s living past a soldier in italy finds a battered book in the rubble of a bombed out firehouse and opens it to read virgil s denunciation of war an illiterate greek bard composes a garbled homeric song to celebrate the recent heroism of local partisans a traveler heading north from modern athens must choose between the sacred way or the nato road originally published 1977 by basil blackwell oxford in great britain and by wesleyan university press in the united states the study of greco roman civilisation is as exciting and innovative today as it has ever been this intriguing collection of essays by contemporary classicists reveals new discoveries new interpretations and new ways of exploring the experiences of the ancient world through one and a half millennia of literature politics philosophy law religion and art the classical world formed the origin of western culture and thought this book emphasises the many ways in which it continues to engage with contemporary life offering a wide variety of authorial style the chapters range in subject matter from contemporary poets exploitation of greek and latin authors via newly discovered literary texts and art works to modern arguments about ancient democracy and slavery and close readings of the great poets and philosophers of antiquity this engaging book reflects the current rejuvenation of classical studies and will fascinate anyone with an interest in western history assembles a major scholar s work on hellenistic and imperial greek poetry and the novels over four decades illustrating its evolution first published in 1974 this book is a collection of nine essays written by victor ehrenberg between 1925 and 1967 five of which had not been published before they deal with a number of aspects of greek and roman history and with the nature of ancient history in the east and west the first essay is a broad survey of interactions between opposing forces and ideas in the world as seen from the most ancient near eastern civilizations to the beginning of the western middle ages and the era of byzantium this is followed by discussions of topics from classical and hellenistic greece and republican and imperial rome with the accent on the history of ideas and institutions e freedom the greek city state and roman concepts of state and empire the final chapter consists of personal reflections on the meaning of history from the writere tm s own characteristic viewpoint and is as he admits more in the way of a confession than pure scholarship reflecting the breadth and interconnectedness of professor na aman s research areas this volume contains contributions on archaeology ancient near east other than ancient israel israel s ancient history and historiography and biblical studies from publisher description these thirty essays were presented to alan l boegehold a distinguished philologist and an inspirational teacher on the occasion of his retirement and his seventy fifth birthday the contributions fall into two categories each one reflecting boegehold s diverse interests in classical studies the first section includes essays on literary and philosophical topics several of which pick up on the theme of gestures the second section is representative of boegehold s more specialised research in greek epigraphy history and law excerpt from classical studies essays on ancient literature and art ancient literature in the united states the question of classical education has often been discussed and its utility sometimes vehemently denied in the meantime the study of the greek and roman authors and the taste for ancient art have been making constant progress both in schools and colleges many of the choicest works of the classical writers have been carefully and learnedly edited by american scholars professor woolseys selection of the attic tragedies has been welcomed with applause both at home and abroad and his recent edition of the gorgias of plato is the best edition of that admirable dialogue for practical use that has ever yet appeared other works prepared on similar principles have been published from time to time and at present the classical course in several of our colleges instead of being limited to a volume or two of extracts embraces a series of entire works in all the leading departments of ancient literature the

mode of studying antiquity has also been materially changed and improved within a few years about the publisher forgotten books publishes hundreds of thousands of rare and classic books find more at may contain imperfections such as marks notations marginalia and flawed pages because we believe this work is culturally important we have made it available as part of our commitment for protecting preserving and promoting the world s literature in affordable high quality modern editions that are true to the original work excerpt from the greek tradition essays in the reconstruction of ancient thought when mr thomson s fine studies in the odyssey appeared i happened to notice one solemn reviewer who after four lines of earnest misdescription concluded by expressing his grief that any university had published such a book it should have been strangled unborn and its author effectually silenced meditating on the point of view disclosed i remembered that exactly the same thing had been said about one of my own early books and on further reflection i recalled at least three other scholars now occupying university chairs or similar positions whose early writings were welcomed in the same way there is nothing odd in this it is only one more reminder to us old and established scholars to keep our minds as alert as we can and not grow stiff and deaf in our favourite orthodoxies but the incident made me try to think why i had derived so much pleasure and instruction from a book which other students appeared whole heartedly to despise i think the reason probably lies in a certain divergence of view about the proper aims of scholarship about the publisher forgotten books publishes hundreds of thousands of rare and classic books find more at forgottenbooks.com this book is a reproduction of an important historical work forgotten books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy in rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition we do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works this volume presents 26 essays on method and metaphysics in ancient philosophy by jonathan barnes one of the most admired and influential philosophers of his generation several of the essays appear here in english for the first time others are substantially revised this will be a rich feast for students and scholars of ancient philosophy as far back as the third millennium b c the egyptians were investigating questions that concern us still questions about being and non being about the meaning of death about the nature of the cosmos and of man about the basis of human society and the legitimization of power the egyptians knew that their answers could never be definitive and this flexible and pluralistic approach is the essence of their philosophical position the second volume of jonathan barnes papers on ancient philosophy contains twenty seven pieces under the broad heading of logic the essays were written over a period of some forty years some of them were published in obscure places and two or three of them in a foreign language the french essays have been done into english and all the essays have been retouched and a few of them substantially revised the first three essays in the volume are of a general nature being concerned with ancient views on the status of logic and with the distinction between formal and material inferences the next nine items deal with different aspects of aristotelian logic the copula negation the categories homonymy and the principle of contradiction then come three papers about the connection or lack of connection between aristotelian logic and stoic logic two of the pieces discuss theophrastus theory of hypothetical syllogisms after that things run more or less chronologically a short notice on the dialecticians three essays on aspects of stoic logic a pair of papers on ancient theories of meaning items on adverbs and connectors on

philoponus and boethius and on an anonymous tract written in the autumn of 1007 ad all in all there is matter to divert scholars and students of ancient philosophy scholarship on ancient pyrrhonism has made tremendous advances over the past three decades thanks especially to the careful reexamination of sextus empiricus extant corpus building on this momentum the authors of the eight essays collected here examine some of the most vexed and intriguing exegetical and philosophical questions posed by sextus presentation of this form of skepticism the essays explore in a new light the skeptical interpretation of plato the differences between pyrrhonism and cyrenaicism the pyrrhonist s stance on ordinary life religion language and ethics sextus discussion of our access to our own mental states and the relationship between pyrrhonism and epistemic internalism and externalism these new essays represent a substantial contribution to the advancement of scholarship on pyrrhonian skepticism many of the earliest books particularly those dating back to the 1900s and before are now extremely scarce and increasingly expensive we are republishing these classic works in affordable high quality modern editions using the original text and artwork knowledge nature and the good brings together some of john cooper s most important works on ancient philosophy in thirteen chapters that represent an ideal companion to the author s influential reason and emotion cooper addresses a wide range of topic how did greek literature and culture interact john gould was one of the greatest writers on greek civilisation of his generation the most significant of his many essays including several previously unpublished are revised and gathered here further many of the most important names in late twentieth century biblical historiography appear as authors of various contributions hayes brettler van seters miller and de vaux in a work of more than 600 pages long finds room for thirty two different writers in addition to his concluding chapter he also introduces each section and reprints an important essay of his own on history and literary technique every reader including those already conversant with the subject will gain much from reading this book however some will also recognize gaps or areas that they wished had been highlighted despite the word recent one wonders why no samples of the writings of wellhausen and especially of alt noth and albright are included although most of the essays date from the 1990 s hans walter wolff s contribution comes from a 1963 volume
