cellulite looks like dimpled or bumpy skin and is most common around the thighs hips buttocks breasts lower abdomen and upper arms cellulite is much more common in women than in men because of differences in the way fat muscle and connective tissue are distributed in men and women s skin cellulite is often a sign of an acidification of the body metabolic diseases or hormonal imbalance and appears in areas of fat deposits the lumpiness is caused by fibrous connective cords that tether the skin to the underlying muscle with the fat lying between as the fat cells accumulate they push up against the skin while the long tough cords are pulling down this creates an uneven surface or dimpling in this homeopathic and naturopathic adviser i will give you recommendations how to treat and prevent cellulite with homeopathy herbal tinctures and schuessler salts also named homeopathic cell salts tissue salts i will present you the most proven homeopathic remedies and schuessler salts including the appropriate potency and dosage i wish you much success joy of life and especially your health glaucoma is a group of eye conditions that damage the optic nerve which is important to good vision this damage is caused by an increased pressure in the eye and can lead to blindness mostly there are no warning signs the effect is so gradual that you may not notice a change in vision until
